Board of Directors and Shareholder Treasure Financial Corporation

Independent Auditor's Report

I have audited the accompanying statement of financial position of Treasure Financial Corporation, as of December 31, 2007, and the related statements of operations, changes in shareholders' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my examination.

I conducted the audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the statements mentioned above present fairly, in all material respects, the financial position of Treasure Financial Corporation as of December 31, 2007, and the results of its operations and cash flows for the year ended in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on computation of net capital, reconciliation of net capital to Focus Report and independent auditor's report on internal accounting control is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TREASURE FINANCIAL CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2007

SIGNIFICANT ACCOUNTING POLICIES

Treasure Financial Corporation began operations as a securities broker/dealer in June, 1995. It is a closely-held corporation with three stockholders. No stockholder has a majority holding. Its president, Mr. David Wu, is a stockholder and participates in the daily operation. The Company's headquarters and business offices are located in Richardson, Texas. Security transactions with the various exchanges for its clients are conducted through the clearing house brokers of Southwest Securities Corporation of Dallas, Texas.

The Company maintains its accounts on the accrual method of accounting in accordance with generally accepted accounting principles. The accounting policies followed by the Company and the methods of applying these policies, which materially affect the determination of financial position, results of operations, and cash flows are summarized below.

RECOGNITION OF REVENUE

The Company earns commissions by providing services of trading marketable securities for clients through the stock clearinghouse. Commissions are recognized upon completion of services.

1. CASH

Cash includes bank checking account and the clearing deposit account with Southwest Securities Corporation which requires a minimum balance of \$30,000.00. The cash in the deposit account is available to the Company without restrictions.

For purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

2. PROPERTY, EQUIPMENT AND DEPRECIATION

The Company depreciates its fixed assets, which consists primarily of office furniture and computer equipment, using the Modified Accelerated Recovery System based on an expected life of five or seven years. Amounts are stated at cost less accumulated depreciation. The depreciation expense for the current year is \$505.00.

Estimated useful lives of fixed assets are as follows:

	COST	<u>LIFE</u>
Furniture and fixtures Computer and office equipment	\$ 20,326 72,362	7 years 5 years
Improvement	8,878	7 years

3. LEASE

The Company leased its main office space in Richardson, Texas in October 2002 for a three-year term and has extended it to 2008. The rental rate is \$1,116.00 per month. The future minimum rental payments under the current leases are as follows:

2008 \$ 13,392.00

4. NET CAPITAL REQUIREMENT

Treasure Financial Corporation is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires that the ratio of aggregate indebtedness to net capital, both as defined shall not exceed 15 to 1. Treasure Financial Corporation has net capital, required net capital and excess in net capital as follows:

	<u>December 31, 2007</u>
Net capital Required net capital Excess in net capital	\$ 118,247

5. INCOME TAXES

The Company accounts for income taxes in accordance with the provisions of Statement of Financial Accounting Standards No.109 (SFAS 109), "Accounting for Income Taxes", under the asset and liability approach of SFAS No.109, the expected future tax consequences of temporary differences between the book and tax basis of assets and liabilities are recognized as deferred tax assets and liabilities. SFAS No.109 also established criteria for determining whether a valuation allowance should be established for any deferred tax assets for which realization is uncertain.

The Company has deferred tax assets of \$25,324.00 at the end of the year.

6. MARKETABLE SECURITIES

The Company has an error account to handle trading errors. The trading securities of \$33,029.00, which are held for sale, are recorded as marketable securities at the fair market value.

The proceeds from sales of securities are \$239,269.00, cost is \$247,496.00 and the realized loss is \$8,227.00 during the year. Actual cost method is used to determine the gain or loss. There is no unrealized gain or loss for current year.

7. PREFERRED STOCK

Under the terms of the Company's Amended Articles of Incorporation, the Board of Directors may determine the rights, preferences, and terms of the Company's authorized but not issued shares of preferred stock.

8. SIPC COMPLIANCE

The Company is in compliance with SIPC annual dues requirement. Dues have been paid for 2007.

9. RELATED PARTY TRANSACTIONS

The company incurs a loan receivable from its shareholders in the amount of \$5,580.00 at the end of the year, which bears no interest and is payable upon demand.

10. USE OF ESTIMATES

The preparation of financial statements in conformation with Generally Accepted Accounting Principles (GAAP) requires the management make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

February 1, 2008

Independent Auditor's Report on Internal Accounting Control Required by SEC Rule 17a-5

Directors
Treasure Financial Corporation

I have examined the financial statements of Treasure Financial Corporation for the year ended December 31, 2007 and have issued my report thereon dated February 1, 2008. As part of my examination, I made a study and evaluation of the Company's system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by Treasure Financial Corporation that I considered relevant to the objectives stated in aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3 (k) (2) (ii). Treasure Financial Corporation was in compliance with the conditions of the exemption, and no facts came to my attention indicating that such conditions had not been complied with during the period.

I also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 15c3-3. I did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or (2) in complying with the requirements for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management to the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the

Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level of the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving internal control, including control activities for safeguarding securities, that I consider to be material weakness as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and the designated examining authority (NASD) and should not be used for any other purpose.
